Cobiosa

www.cobiosa.com

SUGICARE is a botanical extract from Japanese cedar, (*Cryptomeria japonica*), known as Sugi, a native tree from Japan.

SUGICARE is very rich in energizing phyto-chemicals, and is able to induce **neurogenic response** feelings associated with a **well-being sensation** having **neurocosmetic activity**.

INCI NAME

Propanediol, Aqua (Water), *Cryptomeria Japonica* Leaf Extract.

DOSE OF USE:

1-3%

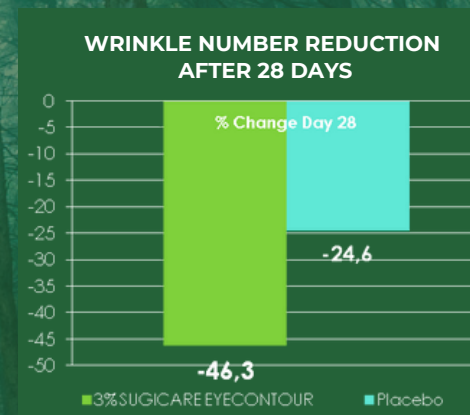

SOLUBILITY:

Hydrosoluble

PRESERVATIVE FREE

1. ANTI-AGING

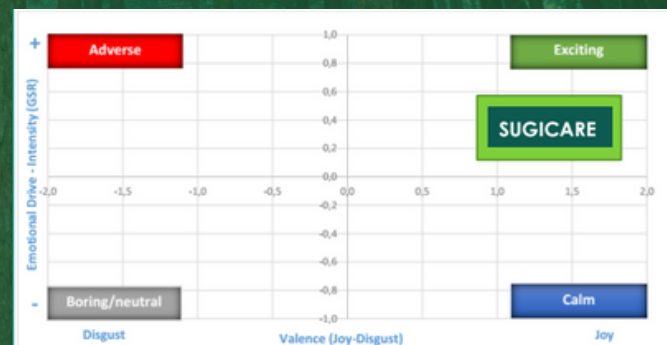

3% **SUGICARE** eye contour was tested on 33 subjects. After 28 days, **SUGICARE** presented a statistically significant decrease in wrinkles number up to **46.3%** respect to placebo.

2. WELLBEING & NEUROCOSMETIC ACTIVITY

Our skin gives away a lot of information on how we feel. Whenever we are emotionally aroused, the electrical conductivity of our skin subtly changes.

After the application of **SUGICARE**, the evaluation of the emotional arousal through the Galvanic Skin Response and Advanced Facial and Eye Tracking System showed that the volunteers experienced **feelings associated with well-being sensations and positive feelings**.
